All – Attached is the PPT that Kinder Morgan plans to distribute on Thursday's 4:45PM meeting. They are aware that the meeting is only 30 minutes and they are not planning to discuss Superfund, but will maybe just confirm the POC for any Superfund matters. Kell will not be attending. I can connect them after the meeting.

If you have any issues with the attached, please let me know ASAP so we can address with them prior to the meeting.

Thanks!

All –

The Administrator will be meeting with Kinder Morgan on Dec 7 at 4:45PM. Attendees are below, as well as issues they'd like to discuss. Please let me know if you should attend this meeting, as well as if you can prepare a briefer on the below issues prior to the meeting. It is small, so I think one staff from each of the issue areas (or one who can speak to a few issues) is plenty.

Attendees:

Larry Huddleston, Vice President-Commercial  
Dirk Cockrum, Vice President-Environment, Safety and Health  
Tom Hutchins, Vice President-Environment, Safety and Health  
Dave Conover, Vice President-Corporate Communications/Public Affairs

Key Issues:

- NSPS OOOOa rule-making

- Superfund cleanup sediment policy
- American Burying Beetle/ESA issue and its impact on the oil and gas sector
- EPA participation in FERC-led natural gas project permitting NEPA analyses

Thank you!
